

Spokane Community College Virtual Swim Challenge 2016-2017

Swim the Gallatin River

From Yellowstone Park Wyoming to Three Forks Montana
The Gallatin River is a tributary of the Missouri River, approximately 120 mi, in the U.S. states of Wyoming and Montana. It is one of three rivers, along with the Jefferson and Madison, which converge near Three Forks, Montana, to form the Missouri.

Length: 120 mi

Mouth: Missouri River

Source: Gallatin Range, Yellowstone Park WY

Country: United States of America

Cities: Three Forks MT
